PROFILE SUMMARY

- **Senior Front-end Developer** with **over 7 years of experience** in designing, developing, and delivering robust and scalable web applications.
- Expert in front-end technologies including **JavaScript (ES6+), TypeScript, ReactJS, HTML5 and CSS3** with a strong focus on responsive and mobile-first design.
- Extensive experience in **developing micro front-end applications** and working with **microservices architecture**.
- Proficient in **back-end technologies** such as **Node.js, Express.js, and REST APIs**, with experience in cloud platforms like AWS and Azure.
- Expertise in **CI/CD pipelines, Docker** and cloud deployments, ensuring efficient delivery and scalability.
- Displayed capability to **lead and mentor teams**, ensuring timely project delivery with a focus on high-quality code and collaborative problem-solving.
- Skilled in **agile methodologies**, working in cross-functional teams to ensure business and technical alignment, while proactively managing risks and resolving issues.
- Proven track record of **delivering performance-optimized and secure web applications**, with experience integrating **AI-powered chat-bots** and ensuring compliance with industry regulations.
- Passionate about **designing and end-to-end deployment of web applications**, ensuring seamless integration, performance, and security.

WORK EXPERIENCE

Apr'22 – Present: Senior Front-end Developer | Mashreq Bank | Dubai, UAE
Key Result Areas:

- Leading a team of front-end developers to ensure timely delivery of micro-front-end based applications.
- Developing and deploying modern, responsive web applications using JavaScript, ReactJS, TypeScript, Redux, Nx, and SCSS.
- Ensuring web application security, performance optimization, and internationalization.
- Designing mobile-friendly web interfaces using ReactJS, CSS-in-JS, and Redux.
- Collaborating with Back-End Teams for API integration and performance optimization.
- Implementing Continuous Integration/Continuous Deployment (CI/CD) pipelines for cloud deployments on Azure.
- Working within an agile framework, tracking risks, issues, and resolving them proactively to ensure project milestones are met.

Feb'19 – Apr'22: Associate Lead - Full Stack Developer | Repos Energy India | Pune, India
Key Result Areas:

- Led front-end and back-end development efforts for web applications, utilized ReactJS, Node.js, and AWS.
- Developed secure applications & adhered to industry best practices for performance and security.
- Collaborated with cross-functional teams and stakeholders to align business and technical requirements.
- Led a team of 6 developers, including interviewing, mentoring and conducting code reviews.

Highlights:

- Reduced application response times by **90%**, that led to an **80%** increase in user engagement.
- Awarded "**Best Developer**" for 3 consecutive years for outstanding contributions to the team and projects.

Feb'18 – Feb'19: Web Developer | SuperSourcing | Pune, India
Key Result Areas:

- Designed and developed responsive web portals using HTML5, AngularJs, CSS3, Bootstrap.
- Ensured cross-browser compatibility and provided a high-quality user experience across platforms.
- Integrated dynamic functionalities by working with RESTful APIs.
- Optimized websites for improved performance and usability.
- Collaborated with the Design Team to ensure seamless UX/UI integration.

PERSONAL PROJECTS

- **Enterprise Web Application:** Led the design and implementation of a scalable microservices architecture using Node.js and ReactJS, with cloud deployment on AWS for Emberstone Lifestyle.
- **Fintech Portal:** Engineered secure payment gateway integrations and ensured compliance with financial regulations and delivering a reliable, secure platform

CORE COMPETENCIES

- User Experience Design
- Agile Project Management
- Cloud Computing Strategies
- Performance Optimization
- Security Best Practices
- Cross-Functional Collaboration
- Scalable Application Development
- Continuous Integration/Continuous Delivery
- Responsive Web Design Principles
- Data-Driven Decision Making

TECHNICAL SKILLS

- **Front-end Technologies:**
 - JavaScript (ES6+), TypeScript, jQuery
 - ReactJS, NextJS, AngularJs
 - HTML5, CSS3, SASS, LESS, Bootstrap
- **Back-end Technologies:**
 - Node.js, Express.js, REST API
 - MongoDB, MySQL, Redis
- **DevOps & Testing:**
 - Git, npm, Jest
 - CI/CD, Docker, Kubernetes
- **Cloud Platforms:**
 - AWS (EC2, S3), Azure, Terraform

EDUCATION

- 2017:** B.Tech. in Information Technology from Symbiosis International University
- 2014:** Diploma in Information Technology from MIT WPU

CERTIFICATION

- ReactJS Developer Certification

PERSONAL DETAILS

- **Date of Birth:** 31st August 1994
- **Languages Known:** English and Hindi
